

Reinforced D-rings

8 programmable functions

Super lightweight lithium ion battery

80,000 candela peak central intensity. Deep-dish parabolic reflector produces a tight beam with optimum peripheral illumination

C4 LED, impervious to shock with a 50,000 hr lifetime

Quick-release strap

Ultra-bright blue taillight LEDs make certain you can be seen even in thick smoke

Run times:  
Steady high LED & taillights: up to 3 hrs to the 10% output level; low: up to 6 hrs

## The brightest rechargeable LED lantern in its class! It's brighter, lighter and smarter.

The life-saving taillights are just part of what makes the rechargeable Fire Vulcan LED such a critical firefighting tool. New C4 LED technology and our special reflector make it 5 times brighter than competing lights. It's lighter too – about 45% lighter than the halogen Fire Vulcan®.

- Up to 80,000 candela peak central intensity; optimized electronics provide regulated intensity
- Two lightweight lithium ion nanotechnology cells; recharges in 5 hrs
- Fits existing Streamlight Vulcan chargers
- Charger base meets requirements of NFPA 1901
- 8 programmable functions
- Easy to operate toggle switch
- IPX7 rated design - waterproof to 1 meter for 30 minutes
- Two models: Standard System with AC/DC and Vehicle Mount with 12V DC direct wire charging rack; both models include a quick release buckle strap
- Lightweight. Just 1.85 lbs
- Serialized for positive identification
- Limited lifetime warranty
